

Parcel Service

New: Your reliable parcel service at the exhibition centre

Secure. Fast. Directly to your stand.

We now offer a solution for the secure acceptance and delivery of parcels directly at the Koelnmesse exhibition centre.

With the new **Parcel Service**, we ensure that parcels are accepted securely at a central location on the exhibition grounds, logged and delivered to the stand at a specific time on request. This service is provided in co-operation with our official service partner **Schenker Deutschland AG**.

Two practical options:

 <p>Option 1</p> <p>EUR 35 (per package)</p>	<p>Acceptance of the parcel consignment with subsequent collection at the “Parcel Service” counter in the North Entrance</p>	 <p>Option 2</p> <p>EUR 50 (per package)</p>	<p>Acceptance and delivery of parcels weighing up to 50 kg directly to the stand</p>
--------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------

This is how easy the Parcel Service* works:

- 1.) Fill out the **contact form** on the respective trade fair website and choose between option 1 and 2.
- 2.) You will then receive a confirmation from our responsible service partner **Schenker Deutschland AG**.
- 3.) You can use your regular account with FedEx, UPS or another freight company to organise your freight to Cologne. Simply write the **shipping address listed below** on the parcel and that's it.

	<p>Koelnmesse GmbH Messeallee Nord North Entrance Counter “Parcel Service” 50679 Cologne</p>	<p>Please note: Parcels with a different trade fair address cannot/may not be accepted by our service partner.</p>
-------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------

*This service applies to shipments within the EU. Third country shipments with customs clearance fees must be requested and processed separately.

If you have any questions, please contact our service partner Schenker Deutschland AG.
