

Voucher Redemption Guide | Existing User

- There is **two quick ways to redeem a voucher** depending on your starting point and on the type of ticket voucher (tickets that are subject to a discount still have to be paid for, unlike tickets from vouchers that are already paid for)
- We're explaining both ways here starting with the quicker path (Voucher Assistant)
- In case you're experiencing any trouble make sure to check the second path explained in the second part of this guide as well
